

FUTURE FOUNDERS

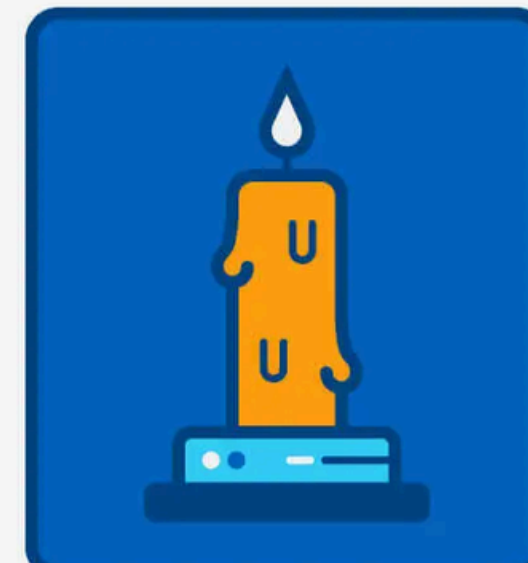

FUTURE FOUNDERS

Dream It. Build It. Show It Off.

SOLUTION/MVP PLANNING

- MVP = Minimum Viable Product
- Built to test assumptions, not perfection
- Keep only what proves the idea works
- Ask: Does this solve the main problem?
- Simplicity > completeness
- DIFFERENT FROM A PROTOTYPE - This focuses on core features

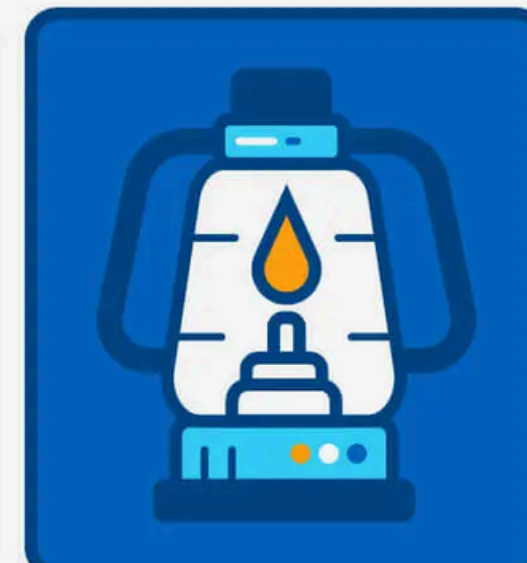

WHAT IS A MINIMUM VIABLE PRODUCT

M

Minimum

The most rudimentary,
bare-bones foundation
of the solution possible

V

Viable

Sufficient enough for
early adopters

P

Product

Something tangible
customers can touch
and feel

NEXT STEPS: REQUIRED DELIVERABLES

MVP Feature List (Very Small)

- **1–3 core features only**
- **No advanced customization**
- **No automation unless essential**
- **How is your product different from existing solutions**

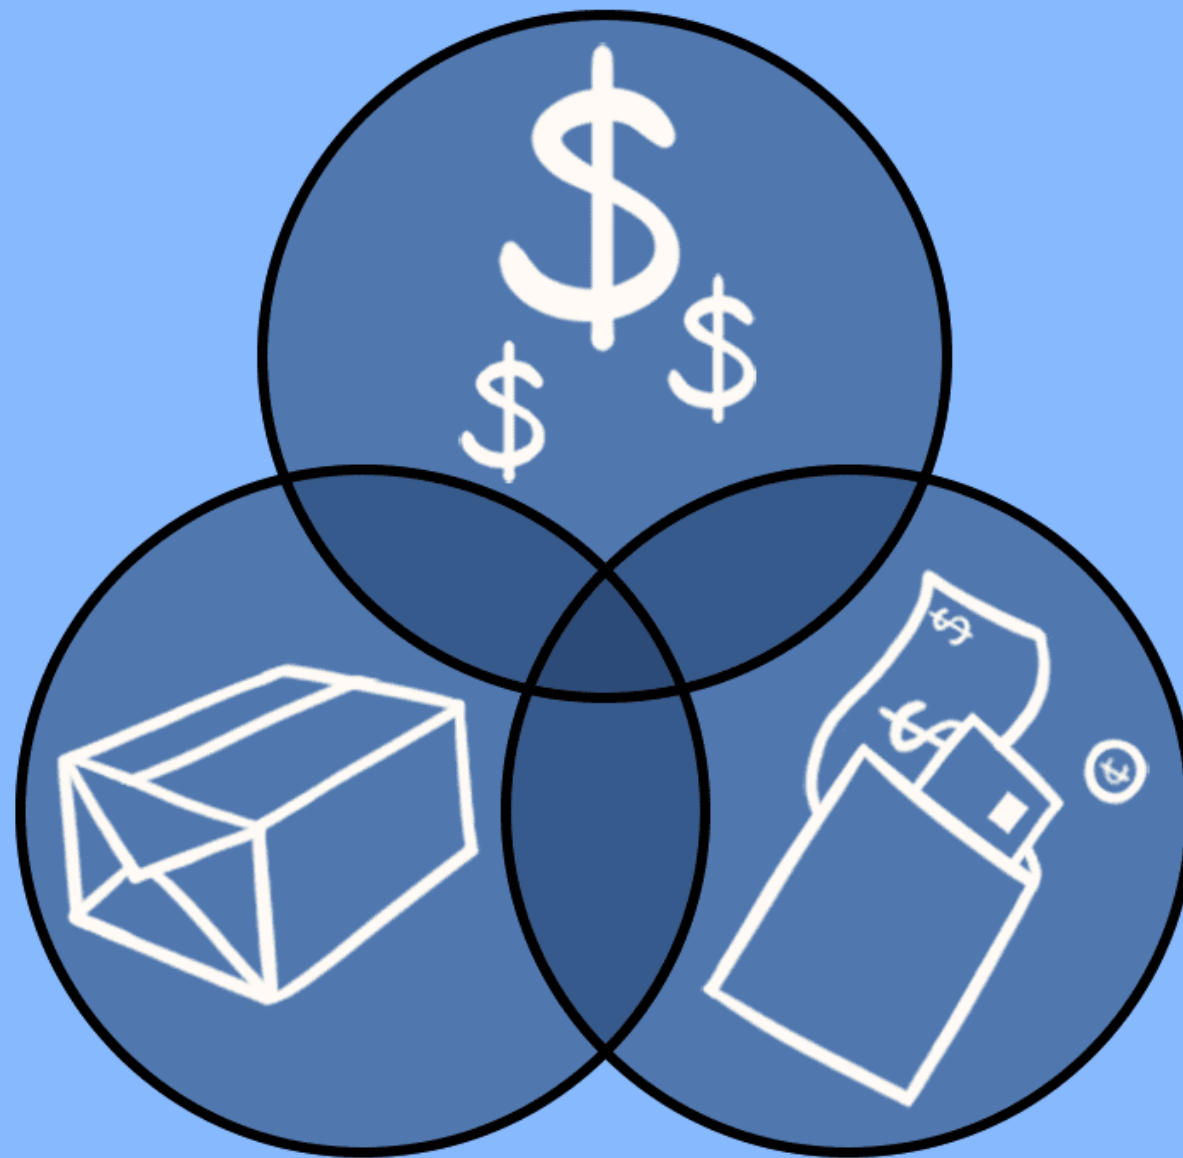

HAVE A CLEAR VALUE PROPOSITION

“This product helps [user] do
[task] by [key benefit].”

BUSINESS MODEL BASICS

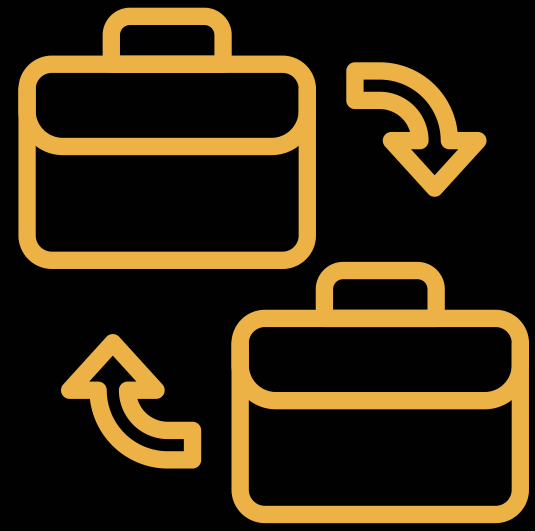

Business Model

['biz-nəs mə-dʒl]

A company's plan for making a profit.

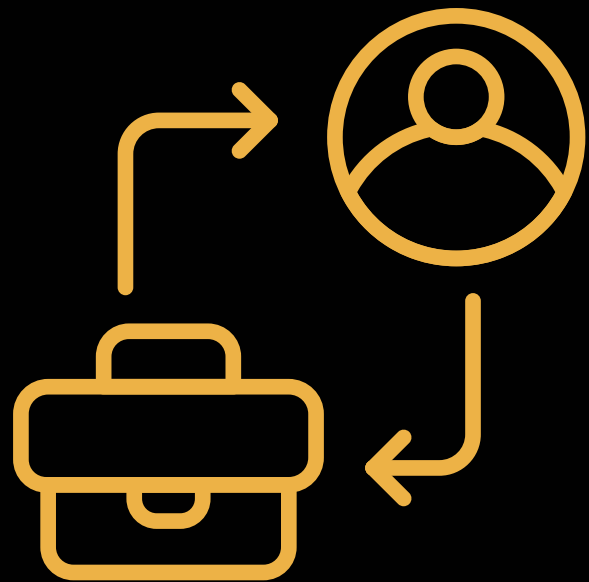

BY CUSTOMER RELATIONSHIP

- **B2B (Business to Business) - Selling to other business (Software companies, Manufactures)**

- **B2C (Business to Consumer) - Selling often through retailer to individual consumers (Target)**

- **DTC (Direct-to-Consumer) - Brands selling directly online or through own outlet, bypassing retailers**

THINK ABOUT -

- **How Will You Make Money?**
- **Who pays?**
- **Why they're willing to pay**
- **When they pay (one-time / recurring)**
- **Customer segment**
- **Revenue stream**
- **Key costs**
- **Key activities**

THANK YOU !
